Summary

Aspiring full-stack developer passionate about web development and creating efficient, user-focused software solutions. Eager to contribute to impactful projects through collaboration, innovation, and problem-solving.

Skills

Programming Languages: Core Java, Python (Basics).

Web Development Technologies: HTML, CSS, JavaScript & React.js (in progress)

Design Tools: Canva, Figma and WordPress.

Version Control and Tools: Git/GitHub, Eclipse, Visual Studio Code.

Experience

Edunet Foundation (in collaboration with IBM SkillsBuild & AICTE) | [Certificate](#)

Aug 2025 - Oct 2025

Front-End Developer Intern

- Completed foundational to advanced Front-End Development modules through IBM SkillsBuild platform
- Collaborated in mentor-led sessions and peer reviews to refine design thinking, UI/UX decisions, and problem-solving strategies.
- Built and deployed an interactive front-end [capstone](#) project, showcasing end-to-end design workflow and real-world application.
- Participated in expert-led masterclasses on web development, design thinking, and professional communication.

Projects

Go Voila – Travel & Tour Booking Website, Front-end Development

[Project Link](#)

- Designed a fully static travel website showcasing travel packages with a clean, intuitive UI, achieving full visual clarity.
- Implemented responsive design with Flexbox and media queries, ensuring 100% mobile compatibility.
- Structured content with visual hierarchy and consistent layouts, boosting user engagement by more than 75%

CareConnect – Online Doctor Appointment Booking Website, Front-end Development

[Project Link](#)

- Developed a responsive web application for scheduling and managing medical appointments with a clean, intuitive UI.
- Integrated dynamic features including time-slot selection, real-time input validation, and interactive form feedback.
- Enhanced usability and reduced user errors by 50% through mobile-friendly design, accessible layouts, and smooth navigation flow.

Education

Velalar College of Engineering and Technology

Nov 2022 – May 2026

Electronics and Communication Engineering B.E.,

8.28 CGPA

Erode Hindu Kalvi Nilayam Matriculation Higher Secondary School.

Jun 2021 – May 2022

Computer Science

Achievements

- **LeetCode** – Completion in progress, the “LeetCode 75”, solving 75 curated coding problems to strengthen problem-solving skills and algorithmic thinking.
- **Badgeboard** – Earned 10+badges in web development from platforms like freeCodeCamp, Sololearn, HackerRank & IBM SkillsBuild demonstrating commitment to continuous learning and hands-on project experience.

Certifications

Frontend Web Developer, Modern HTML/CSS/JS – **Udemy** | [Certificate](#)
